## THE MA/LEASING AND ASSET FINANCE

*The MA has so far exceeded my initial expectations. As well as giving a good grounding on the asset finance industry, and examining theories that I have already applied to my own business, the course has been extremely useful in encouraging me to look further than the inner workings of my own business and appreciate some of the issues that are affecting the wider industry and the economy in general. For this and many other reasons, I would recommend this course to any asset finance brokers that are considering applying.*

HALO ASSET FINANCE

The MA in Leasing and Asset Finance is delivered by Falmouth University in association with The Leasing Foundation, a non-profit organization that supports the business finance industry, to ensure that the qualification is relevant to today's professionals.

The MA in Leasing and Asset Finance is suitable for those already in the industry who wish to accelerate their career, or for those in a related area of business finance who wish to enter this dynamic industry.

The MA is **part-time**, and is especially suitable for those working in an organisation that can facilitate and benefit from the **work-related projects** which form the backbone of the programme.

Exploring content delivered online using Falmouth University's Learning Space **online platform**, students are supported by **academic supervisors** from Falmouth University and **mentors** from The Leasing Foundation.

The focus of this innovative course is on career development for the modern professional, and so there is an emphasis on **creativity, leadership, innovation and digitalization**.

## THE NEXT ENTRY IS SEPTEMBER 2018.
