THE MA/LEASING AND ASSET FINANCE

“Our investment in this industry focused programme has delivered significant return on our initial investment – not only helping improve things for our customers but also seeing the development of one of our high potential next generation. We are looking forward to seeing more Aldermore citizens go through the programme, build their network and find themselves better placed to support emerging business opportunities and industry challenges.”

CARL D'AMMASSA
ALDERMORE BUSINESS FINANCE

The MA Leasing and Asset Finance focuses on innovation, disruption and change in business finance and provides the most up-to-date high-level learning and development opportunity for professionals who want to influence change in the industry.

For students the MA offers the opportunity for you to gain a prestigious qualification and to position yourself for a bright future in an industry that is powering the growth of the economy. Studying for the MA will help you to influence the future of a changing industry fuelled by knowledge, technology and data.

For employers the MA can help expand the horizons of your talented people as they apply their learning to strategic, highly disruptive projects where you need a fresh perspective. The MA will help your organization prepare for the impact of fintech and drive your growth and evolution. It's a cost-effective approach to solving some of the most strategically important challenges.

For HR leaders the MA is an innovative development opportunity that will attract, retain and develop the most valuable people and drive strategic change. Using modern learning methods, the MA delivers learning about the latest disruptive trends in business finance leading to an internationally recognized qualification.

The MA is **part-time**, and is especially suitable for those working in an organisation that can facilitate and benefit from the **work-related projects** which form the backbone of the programme.

THE NEXT ENTRY IS SEPTEMBER 2018.
